Loads of prizes
to be won!

Coaching sessions at White Acres will benefit from the introduction of a dedicated Teaching Pool where novices of all ages can learn how to make their first casts with fishery manager and qualified coach Clint Elliott and his team

The pool, not far from the tackle lodge, will only be used for tuition and is equipped with four double platforms and stocked with small carp, roach, skimmer bream and rudd to ensure

plenty of bites for the beginners. The Junior and Ladies structured tuition will take place on Mondays and Tuesdays so if you fancy a go you be sure to book it at the fishing lodge when you arrive to avoid disappointment.

Clint said: "It is great having our own teaching lake because it means that we have four double pegs available for the lessons and does not disturb other anglers."

WELL STOCKED AND READY

OVER the winter the new lakes - Twin Oaks - have been stocked and are ready for the Easter opening. Preliminary sessions indicate that bites should be plentiful and the latest additions look set to become firm favourites with this years visitors. The Tackle Lodge is also stocked up with new gear and winter alterations have made it easier to display the extensive range of rods poles, baits and terminal items. Some new lines join the existing ones for 2004 and this year Clint and his staff are offering a pole elastication service to purchasers of new poles. All you have to do is order a pole by phone and it will be elasticated and ready for use when you arrive! We will have a larger selection of poles, rods, reels, and terminal tackle which are all at mail order prices.

IMPROVED ACCESS

WORK is continuing on the development of easy access with wheelchair friendly paths and platforms already introduced on Eery, Sycamore and Python pools.

So far there are eight swims kitted out for anglers with disabilities and they are complemented by tarmac pathways running directly to the waters edge.

These are just the beginning of an ongoing process to open up more and more of the lakes to guests with disabilities.

NEXT ISSUE

We take an in depth look at another of our sister parks - Newquay Holiday park with its giant Waterslide...

... look out for details of the **Garbolino Silver Fish festival** ...

...**SKY TV's** tight lines presenter **Keith Arthur** re-lives the second part of his Spanish experience...

... and as usual loads of top competitions, and totally baggable prizes!

MAIN: Clint Coaching young anglers.
