News Bites...

WHITE ACRES have backed the NFA Ladies Team England, current holders of the CIPS World Championships. The Golden Girls were strapped for cash to defend their title at Milton Keynes, in 2003. That's when White Acres stepped in with a substantial five-figure sum boosting a similar figure already pledged from Sport England. "The new 'White Acres Womens Team England' title has a successful feel about it and I am delighted the deal has

been struck." said NFA's Director of International Events, Dick Clegg "We have the top team and White Acres have the top angling holiday complex so this has to be a winning combination." NFA Membership Services

Manager Bob Clark, added: "White Acres is a great success story, and we like to be associated with success!" - White Acres managing director, John Tham, said: "We have spent a substantial amount of money developing White Acres into a unique fishery and holiday complex and we haven't finished spending yet! When we heard that the NFA's gold medal Ladies Team were without a sponsor this gave us the opportunity to put something back into the sport."

Tagtastic!

MARK COOK won't forget his last visit to White Acres as he caught a tagged fish and won **£500!** Half way through a residents match on Pollawyn Mark landed a carp and noticed the tag as he netted it. The 40 year old traffic signals manager

checked with the scales men who confirmed he'd caught one of the lucky tagged fish and earned the **£500** prize. "I also won a holiday in the **Silver Pool** match to make a truly memorable day." said Mark who lives in Glasgow.

GIRLS IN FANTASTIC FORM...

THE England Ladies won their 2002 World Championship gold medals in fine style posting a first day eight point cushion over rivals Italy. Sandra Scotthorne, Wendy Locker, and Wendy Lythgoe all won their zones and with Helen Dagnell plus debutant Emma Pickering performing well. On the second day the victory was sealed with Scotthorne's second section win securing her individual gold, while Pickering's section win helped the side to team Gold.

Teams: 1st England; 2nd Italy, 3rd Germany, 4th Hungary.

Girl Power

Clint's LAST CAST

IN 2003 COMMERCIAL FISHERIES across the country will be implementing the new standards for keep and landing nets. The softer fish friendly nets that meet the criteria will bear the kite mark

symbol and we will encourage all our angling visitors to use these new nets on our waters. Anything that promotes the long term welfare of the fish has to be good don't you agree?...

One last chuck....
Not long to the new holiday season and I am really looking forward to meeting old acquaintances and new faces alike.

See you soon.

KORUM

TACTICAL CARP PRODUCTS

>>>>> the simple solution to catching more

Korum is a specific range of products designed to help you catch more fish from commercial fisheries and all other waters. Korum products are really easy to use and make advanced bait presentation simple and very effective.

Bait Spike
Designed to hold soft baits off the hook for a better hooking to strike ratio.

Pellet Bander
The quickest, simplest way to band hard pellets perfectly every time.

Bait Stop
Makes baiting the hair loop simple, quick, easy and secure.

Pellet Band
Two sizes, to fit all pellets from 4mm to 20mm.

Carp Feeder
The aerodynamic shape and lead placing ensures that your hookbait always lands in the correct position.

Hair Rigs
Available in 2 versions, the 3" for the Method Feeder, the 15" for normal feeder fishing and legering.
