Hello

Thank you for a fantastic start to the 2007 season, Phew what a scorcher so far, lets hope the weather continues through what looks set to be a very memorable season, thank you so much for bearing with us as we completed the new holiday home development and the feedback from the last owner Pint and Pizza event was very positive.

This mid season edition of the owners newsletter is about activities and events for you to look forward to and also so you can plan ahead for the summer holiday season.

There are some messages from the White Acres Team letting you know what we've been doing during the winter months and there is also some important information about the park enclosed, please read this it's very useful stuff.

I have been inundated with requests regarding wi-fi and internet connection for the future at White Acres and I can tell that we are currently undergoing surveys that will hopefully lead to connection options for all, will keep you posted on this.

You may be aware that Mr Stephen Beal, our beloved Sales Manager has moved on from White Acres, please join me in wishing him well and welcoming Natalie Waller to our team. Natalie has been with our Company for over 10 years and has already made contact with many of you so if you haven't had the pleasure of meeting Natalie yet, please pop in and say hello to her on your next visit to White Acres.

You should all be in possession of valid 2007 owner passes by now but if not please chat to Kate in the Sales Office who will sort them out for you. Remember to show them each time you visit a venue, this greatly assists our security team.

From 15th June 2007 we are operating the new owner restaurant loyalty scheme, its simple enough, you eat with us at M's Restaurant spending over £10.00 and after the 5th visit you get a £10.00 off voucher, just show your owner card when booking your meal and we'll do the rest.

Finally, I would like to thank you all for your continued commitment to the park and I do hope you and your family make the best of the 2007 season here at White Acres, Welcome Back and enjoy your Owner Select Events !!

Alex Benson
General Manager
White Acres Country Park
